## INSPECTION REPORT COMMENTS

Date of inspection 3/31/99 Complaint Number PAR000002048Company/Facility/Site Name Denbrook Printcrafters

This routine hazardous waste small quantity generator inspection was conducted by Department Solid Waste Specialist Paul Jardel. During this inspection the following was observed:

The facility is no longer located at this location. The phone number has been disconnected. The present tenant, Nathan Zotokopf stated that he had been at the site for only a few weeks. \

The present tenant at this location does not generate hazardous waste. Therefore PAR000002048 should be closed out.

No violations were observed during this inspection.

This inspection report is notice of the findings of an inspection conducted by a representative of the Department. This report is formal notification of any violations observed during the inspection. Additional notification of violations may be issued concerning either violations noted herein, or other violations identified as a result of review of laboratory analyses or Department records.

This report does not constitute an order or other appealable action of the Department. Nothing contained herein shall be deemed to grant or imply immunity from legal action for any violation noted herein.

Signature by the person interviewed does not necessarily imply concurrence with the findings on this report, but does acknowledge that the person was shown the report or that a copy was left with the person.
